

PLANT LABELS

You will need:

Card

Felt tips

Sticky backed plastic Lolly sticks

Scissors

- Draw your shape on card; remember to make it large enough to write on.
- You could draw a pumpkin shape for pumpkin seeds for example or a butterfly for butterfly friendly flowers

- Cut out the shape carefully and colour or decorate it.

- Make your shape weatherproof by covering it with sticky back plastic or laminating it

- Stick your shape onto the top of a lolly stick

- You can write the name of the plant on the label and the date it was sown if you are sowing seeds.

- Don't forget to place your label at the edge of the pot or by the plant in a flower bed.
